# Protective floor

## Mobile protective floor covering for halls Needle felt floor covering with solid latex backing

Mobile protective floor covering for halls protects high quality and sensitive floors from being damaged and dirtied and, thus, extends their useful life. Our tiles offer a smart solution for a varying use of your sport and multi-purpose halls. At trade fairs and exhibitions, our covering tiles with latex backing provide for an enhanced heat insulation and footfall sound absorption.

Size 2x1m/ 1x1m

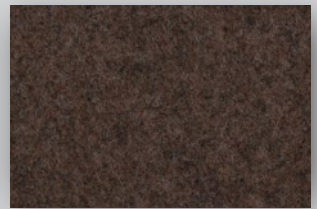

blue

grey

anthracite

light brown

Construction: needle felt

Top layer: 100% PP, smooth, one-layer

Fibre weight: 920 g/m<sup>2</sup> +/-10 %

Total weight: 2900 g/m<sup>2</sup> +/-10 %

Backing: mixture of natural latex and synthetic latex, anti-skid

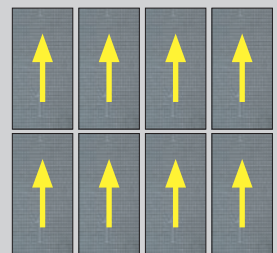

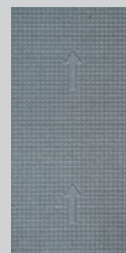

Total thickness: 6.8 mm +/-5 %

Character: honeycomb with direction arrows

Fire class: B1 (flame-retardant)

Fire behaviour and testing according to DIN EN ISO 9239-1

DIN EN ISO 11925-2
